2011 METRO LEAGUE PHOTOGRAPHY INFORMATION

Dear Racer,

Again this year I had the pleasure of photographing a Metro League regular season race. Since 1978 I have photographed all levels of ski racing. Last year, I was the US Ski Team's photographer at the 2010 Vancouver Olympic Winter Games.

Enclosed in this mailing you will find small proofs of the action photos I took of you during the slalom at Meadows on February 12th. The order form to order prints and digital files is on the reverse side of this page. For the teams that I took a team photo of, there is a second order form for team photo packages. Also enclosed are team photos and some scenic photos that are available as photographic prints. In addition, I have a web link where you can view all the photos I took during the February 12th race. Please view the images at: <http://brianrobbphoto.com/hsracing2011.html>

I have recently made some exciting additions to my image offerings. New this year is the \$79.00 photo CD. This CD contains up to 6 high resolution digital files that you select. **The images selected for the photo CD must be of one individual skier taken during a regular season 2011 race.** There is no quantity discount for the photo CD. I am also making available 3 file resolutions for digital files purchased individually. The low resolution file is about 100kb and is suitable for e-mailing, facebook, and web pages. This size will not produce suitable prints. The medium resolution file is about 1 mb and will make satisfactory prints up to 4 X 6. The high resolution file will make great prints up to 30 X 40. Digital files are not sold or available for scenic photos and team photos.

All photographs, whether in print or digital format, are for personal uses only. The photos are copyrighted and may not be used commercially or editorially without my permission.

Please note that the postage and handling charges apply to all orders. The only exceptions are for orders containing **only** low resolution digital files sent via email and for the team photo packages.

Available again this year are custom captions. The captions are whatever you wish. Captions are only recommended for photographic prints and not digital files.

The Colorplak mountings are a great solution for ready-to-hang photographs that require no additional framing. Please note that the Colorplak and mat mountings are options and you must add the base price for the photo to arrive at the correct total.

The preferred method of payment for your order is via a check or money order. To use a credit or debit card, I can accept payments via PayPal. I have a PayPal information page at: <http://brianrobbphoto.com/paypal>.

Questions? Please email brian@brianrobbphoto.com or give me a call at 541-386-2107 or 541-490-6090.

Thanks! I hope you had a great time racing this winter.

Sincerely

Brian Robb
